BANCROFT PUBLIC LIBRARY SECURITY CAMERA PROPOSAL

This is a proposal for security cameras at the Bancroft Library.

The proposed purpose is to prevent vandalism.

Using the existing light sockets is the most time/cost effective way of putting security in.

Using the existing light sockets, adapters can be installed to operate 2 Wi-Fi cameras and a regular LED light. The total load on the original socket will still be less than the original single bulb.

To cover the areas by sidewalks will take approximately 6 cameras. The back of the library would take approximately 6 more. If the library prefers to have only certain things covered, less can be used. A minimum of 5 would be recommended for the front door and main sidewalk areas. But any amount can be started with, then later added to.

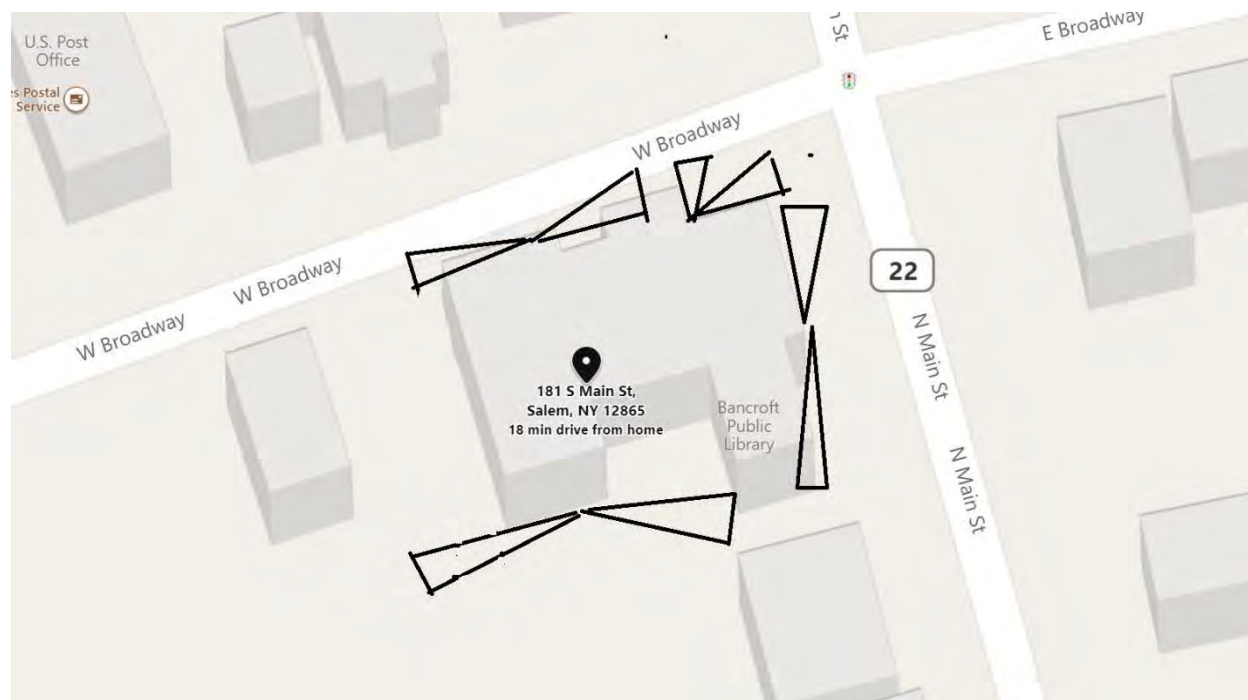

These Wi-Fi cameras can be connected to the Tuya Smart app
(<https://play.google.com/store/apps/details?id=com.tuya.smart&gl=US>)

or Smart Life app

(<https://play.google.com/store/apps/details?id=com.tao.wiz&gl=US>) and shared among employees.

Or similar apps available on Google Play. The app will be able to view and control the cameras remotely.

Cameras are shown based upon best reviews available. This shows coverage roughly for the library.

BANCROFT PUBLIC LIBRARY SECURITY CAMERA PROPOSAL

Another option uses online storage to hold the images. Online storage is generally up to 10 dollars a month.

These cameras are self-contained and powered by the light socket they are installed in.

They are available in the Tuya App. This app can access any device but one at a time. Not meant for surveillance, but security.

If the library does not have a device to connect to these cameras already, **any Apple or Android device that can access it AppStore.** I will list 2 possibilities. The chosen devices are for Price/Performance.

BANCROFT PUBLIC LIBRARY

VIDEO SURVEILLANCE POLICY

In order to maintain a safe and secure environment for staff and patrons, the Bancroft Public Library ("Library") employs a video surveillance system outside the building including the courtyard. Video surveillance shall only be used for the protection and safety of library staff, patrons, assets, and property.

Video surveillance cameras will be positioned to record only those areas required to maintain a safe and secure environment in compliance with Library policies. Video camera locations shall not be changed or added without the permission of the Bancroft Public Library Board of Trustees. Video cameras shall not be placed in areas where there is a reasonable expectation of privacy. Signs informing the public of video surveillance shall be posted in the area cover by video surveillance

Video surveillance records will ordinarily be maintained for a minimum of 14 days, and shall be stored in a manner designed to ensure that access to the records is restricted to authorized personnel as determined by the Library Director.

Video surveillance records shall not be used or disclosed except as specifically authorized herein. They may be used to help identify individuals who have violated Library rules or policies or applicable laws, or who have engaged in activity considered disruptive. Video surveillance records evidencing such violations or activities may be used to support appropriate disciplinary action and/or disclosed to law enforcement agencies. Requests for the disclosure of video surveillance records shall be addressed on a case by case basis subject to and in accordance with applicable laws.
